FACULTY SENATE BILL 23-A-XX

Approved by the Faculty Senate
XX/XX/XXXX

BRIEF SUMMARY: This bill revises the Procedures section of "Grade Appeal" in Chapter 3.

REVISING GRADE APPEAL PROCEDURES

BE IT RESOLVED THAT: Subject to the passage and approval of this bill, the "Grade Appeal Procedures" section in Chapter 3 of the *Faculty Handbook* will be replaced by this bill.

Grade Appeal Procedures

1 The grade appeal procedure is primarily for the review of allegedly arbitrary and capricious
2 grading, and not for review of the instructor's evaluation of the student's academic performance.

3 In order to maintain accurate records, faculty members are recommended to retain certain
4 items for various time periods. ~~There are:~~

- 5 1. Grade records. These should be retained for at least one year following the completion of an
6 academic year.
- 7 2. Class outlines. These should be retained for at least one year following the completion of an
8 academic year.
- 9 3. Course papers/projects/etc. These should be retained by the instructor for a period of at
10 least one semester following the completion of a course. When graded assignments are
11 returned to students during a course, students should be alerted to retain these materials
12 themselves until the grading and appeal periods have been completed.

13 Students should be encouraged to resolve immediate grading questions when they occur and
14 keep copies of exams, projects, and other graded assignments at least until grade reports are
15 received following the completion of a course.
16

17 **Appeal Steps**

18 **Step 1.**

19 If the final course grade is in question, the student should first discuss the grade fully with the
20 instructor of the course. This informal appeal may occur at any time within the first six weeks of the
21 next regular semester (Fall or Spring) following the receipt of the grade, but it is strongly suggested
22 that this inquiry take place as soon as possible.

23 If an informal appeal does not resolve the problem, the student may file a formal written appeal
24 to the instructor by October 1 (Fall semester) or March 1 (Spring semester). ~~Included in the The~~

25 written appeal should ~~be include~~ the basis for the appeal and copies of pertinent documents which
26 support the appeal. The letter should include the full name of the student, the student's ID number,
27 course number, course title, semester and year enrolled, section number, and the name of the
28 instructor. The instructor of the course should respond in writing to this appeal request within two
29 weeks of receiving the request and no later than October 15 (Fall) or March 15 (Spring). If the
30 instructor is no longer available on campus, the department chair may try to contact the instructor
31 or may act in place of the instructor. The unavailability of the instructor may necessitate a slight
32 change in time frame, if so determined by the department chair.
33

34 **Step 2.**

35 If the matter cannot be resolved by interaction with the instructor for any reason, the student
36 may file a written appeal with the department chair within two weeks of receiving the instructor's
37 response, or by November 1 (Fall) or April 1 (Spring). The department chair may request a meeting
38 with the student and the instructor ~~in order~~ to mediate a possible settlement ~~of the disagreement,~~
39 and must respond to the appeal within two weeks, or by November 15 (Fall) or April 15 (Spring). It
40 is neither the right nor within the responsibility of the department chair to change the grade, but
41 rather, to find whether any error may have been made and to counsel the faculty member ~~on this~~
42 ~~regard~~ accordingly. If the instructor is no longer available on campus, the department chair may try
43 to contact the instructor or may act in place of the instructor. The unavailability of the instructor
44 may necessitate a slight change in time frame, if so determined by the department chair. In the
45 event that the department chair is the instructor whose grade is being questioned, the college dean
46 will function as noted above. Should the dean or other administrative officer be the instructor
47 whose grade is being questioned, the chair of the department to which the administrator is
48 assigned will handle the appeal process.

49 If the student still believes the grade was issued in error, one step further may be taken.
50

51 **Step 3.**

52 If the matter is still not resolved through mediation with the department chair, a three-member
53 committee shall be appointed by the chair to handle the final appeal. This committee shall be made
54 up of three full-time ~~tenured or tenure-track~~ faculty members, two of whom should be from
55 outside the department in which the appeal was initiated, and may be a regular standing committee
56 or a committee specially convened as circumstances warrant. A written appeal, including
57 supporting documentation, must be made by the student to this committee. This appeal should be
58 received in the departmental office no more than two weeks following the department chair's
59 recommendation. It is requested that the committee then investigate the matter and render a
60 decision within one month. This committee may reject the student's appeal, request the faculty
61 member change the grade to an appropriate level, or, as a last resort, the committee may change the
62 grade ~~themselves~~. The decision of the faculty appeal committee constitutes the final level of
63 University appeal available to the student.
