

## St. Louis Interview Days

September 24-25, 2009

Holiday Inn Viking Conference Center

Great place to find new employees that have the skills and enthusiasm to help your business grow!

The Harrison College of Business Interview Day has allowed our firm to pre-screen the top talent in the marketplace and united us with applicants who share a common interest of hard work and dedication for the company and service to the community. Plus they bring the students to you here in St. Louis. When this market turns, companies need to be ready with top talent already screened and ready to hire.

Each year we are impressed by the students' preparation, enthusiasm and visible desire to succeed. They come to interviews well prepared and well spoken, and we have never been disappointed with an interview. Being involved with Interview Day has resulted in hiring exceptional interns as well as full time employees.

The SEMO Interview Day, hosted in St. Louis, is very well organized. The overall process has helped streamline our recruiting efforts at the University. It is apparent there is a strong dedication from the faculty in preparing the students for the interviews. The students are confident, prepared and professional.
