1. Click the WiFi icon in the system tray

2. Select SoutheastSecure or SoutheastResnet

3. A window will then open where you will login:
   - Username: SE Key (Example: jtdoe1s)
   - Password: SE Key password

4. Next you will need to click Connect to accept the network Certificate.

5. You will then be connected to the network

6. Finally you will need to register your machine via splat.semo.edu
