BRIEF SUMMARY: This bill reorganizes and updates Chapter 7 of the Faculty Handbook. No new policies or policy revisions are proposed.

REORGANIZING AND UPDATING CHAPTER 7 OF THE FACULTY HANDBOOK REGARDING OTHER POLICIES AND INFORMATION OF INTEREST TO FACULTY

BE IT RESOLVED THAT: Chapter 7 of the Faculty Handbook be retitled, and amended by reorganizing and revising the existing content in the following manner:

Chapter 7 - Other Policies and Areas of Interest to Faculty

Other Policies:

A. Guidelines for Partisan Political Action on Campus

Policy

A University exists, in part, as an institution in which the free and vigorous exchange of ideas is not only welcomed but encouraged. Partisan political activity should be welcomed on the campus of Southeast Missouri State University as an important ingredient in the life, of the mind and in the broad education of the students. The University should remain strictly neutral regarding partisan political activity. Therefore, procedures shall be set forth and maintained to enhance the neutrality of the University with respect to partisan political activity.

For purposes of this policy and the procedures promulgated to accompany it, the following definitions shall apply:

1. “University” shall include the actual legal entity and any employee(s) or representative(s) thereof authorized to speak on behalf of the actual legal entity.

2. “Partisan” shall include political parties, candidates thereof, and officials of a political party or political party related campaign.
Procedures

1. The University shall not support or endorse any candidate for local, state, or national office, nor shall it endorse or support any political committee organized for the purpose of supporting any candidate for office, nor shall it permit any activity on campus by any person, candidate, or political committee which suggests that the University endorses or supports any candidate or committee.

2. The University shall not make any contribution, real or in kind, to or expenditure on behalf of any clearly identifiable candidate (or highly likely candidate) for any office. For the purposes of these guidelines, the terms "contribution" and "expenditure" are defined by relevant state and federal laws.

3. The University shall not make any expenditure associated with an event that expressly advocates the nomination, election, or defeat of any specific candidate(s) or party.

4. The University shall not make any expenditure associated with an event at which campaign contributions are solicited, made or accepted.

5. The University shall specifically request in writing that legally independent organizations affiliated with the University (e.g., the Boosters, the Foundation, etc.) agree to adhere to these guidelines. Failure of such organizations to so agree should give the University reason to reconsider the nature of the relationship which exists between the University and such organizations.

6. The presence of a candidate for office or political office holder at an event sponsored by the University or on campus as a result of an invitation by the University shall not constitute a violation of these guidelines unless the election or defeat of an identifiable candidate or party is advocated at the event or campaign contributions are solicited, made, or accepted at the event.

7. The presence of a political candidate, office holder, or political party on campus for the purpose of an educational exercise (e.g., a discussion of the nature of political campaigns) shall not constitute a violation of these guidelines unless the election or defeat of an
identifiable candidate or party is advocated at the event or campaign contributions are solicited, made, or accepted at the event.

8. Since the University is a place in which the free and open exchange of ideas is both welcomed and encouraged, no political candidate or political party or organization on campus for the purpose of an educational exercise shall restrict in any way the freedom of expression or freedom of assembly of those at the event. This provision is not intended to prevent the University itself from enacting reasonable restrictions (e.g., limiting the number of persons within a facility, preventing the shouting down of a speaker, etc.).

9. While it is recognized that participation in political activity is part of the total educational experience of our students, the University shall not require or encourage that students be excused from class in order to attend campaign events and partisan political events, nor shall the University require or encourage any deviation from its routine operation or its published calendar.

10. The provision of facilities, generally open for noncommercial use, by the University to a candidate or political committee shall not constitute a violation of these guidelines unless such facilities are denied to opposing candidates or parties. Provision of such the University should take great care, and should see that affiliated organizations take great care, in such provision of facilities not to give the appearance of support for one candidate or party at the expense of another. Facilities generally open for commercial use shall be made available only under normal commercial terms.

Limitations and Exclusions

1. These procedures are not meant to restrict any student political organizations (e.g., College Republicans, Young Democrats, candidates for elective Student Government offices, etc.) from the conduct of their usual activities, which are by their nature partisan or campaign-related. These organizations, however, should take care that their actions not be misconstrued as actions of the University.

2. These procedures are not meant to restrict or in any way apply to the actions of individual University employees outside of their official responsibilities.

Procedures contain portions of Faculty Senate Bill 90-A-07 May 14, 1990
Approved by the Board of Regents June 18, 1990

Amended by Faculty Senate Bill 11-A-34 November 16, 2011

B. University No Smoking Policy
Southeast Missouri State University will provide as close to a tobacco-free environment as practicable for its faculty, staff, and students. In all cases, the right of the tobacco non-user to protect his or her health and comfort will take precedence over another person's desire to use tobacco. Consequently, as of September 1, 1988, the use of all forms of tobacco is prohibited in all University buildings except in those locations designated by the President of the University as "smoking areas."

The success of the policy depends upon the thoughtfulness, consideration and cooperation of users and non-users of tobacco. All faculty and staff share the responsibility for adhering to and enforcing this policy. Any concern with the possible violation of this policy should be brought to the attention of the appropriate supervisor, dean, or director.

Approved by Board of Regents - May 23, 1988

Other Areas of Interest to Faculty:

The focus of the Faculty Handbook is on those policies and procedures that directly affect members of the faculty in their faculty role. The Business Policies and Procedures Manual, which contains policies and procedures applicable to the broader institution, also contains statements that pertain to members of the faculty. The Manual in its entirety can be viewed at:

A. Affirmative Action / Equal Employment Opportunity

B. Sexual Harassment Policy

C. Notice of Nondiscrimination

University policy prohibits discrimination on the basis of race, ethnicity, religion, national origin, sex, sexual orientation, gender identity, age, genetic information, disability, or protected veteran status in any of its programs or activities. Harassment based on any of these classifications is a form of discrimination that also violates University policy and will not be tolerated.

A more complete statement of the University Nondiscrimination Policy may be viewed in the Business Policy and Procedures Manual online at http://www.semo.edu/finadm/procedures/index.htm.

Any person having inquiries concerning Southeast Missouri State University’s compliance with the regulations implementing ADA, Title VI, Title IX, or Section 504 is directed to contact the Coordinator of Institutional Equity and Diversity, Office of Institutional Equity and Diversity (http://www.semo.edu/equityissues/), One University Plaza, (573) 651-2524. Any person may also contact the Assistant Secretary for Civil Rights, U.S. Department of Education regarding the institution's compliance with the regulations implementing Title VI., Title IX., or Section 504 and the Office on Americans with Disabilities Act, Civil Rights Division, U.S. Department of Justice; Equal Employment Opportunity Commission; or state human rights agency regarding issues related to the ADA.

The Americans with Disabilities Act (ADA)

The Americans with Disabilities Act of 1990 (ADA) is a wide-ranging civil rights law intended to protect Americans from discrimination based on disability. The ADA addresses access to employment, public accommodations, commercial facilities, state and local government services, transportation and telecommunications. A disability is a physical or mental impairment that substantially limits one or more of the major life activities of such individual, a record of such an impairment, or being regarded as having such an impairment. Major life activities are those basic activities that the average person in the general population can perform with little or no difficulty.

All entities supported fully or partially by state funds, including educational institutions, must comply by assuring that their services, programs, policies, etc., do not discriminate against or exclude from full participation individuals with disabilities. The University must reasonably accommodate known disabilities of qualified applicants, employees and students. Reasonable accommodation is a modification or an adjustment to a job, work environment, learning environment or learning activity
that will enable a qualified individual with a disability to perform essential job or learning functions.

The purpose of providing accommodations in learning environments and activities is to enable the individual to develop and demonstrate mastery of the subject to a degree that reflects his/her abilities and efforts and not the disability. Although alternative methods of delivery and evaluation may be required, academic standards should not be compromised. For further information regarding ADA, please visit: http://www.ada.gov/.

In postsecondary education, requests for accommodation and support services must originate with the student. Students who enter the University with a documented disability should fill out and submit the Request for Services form located on the Disability Services web page: http://www.semo.edu/ds/program_info.html. Students who think they may have a disability may contact Disability Services for information on obtaining diagnostic services and proper documentation. Information about a student's disability is confidential. Disability Services will, upon the student's request, notify appropriate faculty of the student's disability and suggest reasonable accommodations. Methods to implement these accommodations should be jointly decided by the faculty member and student involved in the learning activity. In cases where agreement cannot be reached, Disability Services will act as a consultant. Disability Services will provide faculty and students with information on the availability and use of auxiliary aids, such as special computers, calculators, Brailers, and communications devices, and the procedures for obtaining special materials, such as Brailed or "Talking" books. Disability Services will also assist students in finding individuals to serve as readers, scribes, note takers, sign language interpreters, etc. Disability Services also serves as a resource for faculty by offering information on different disabilities and strategies for accommodation.

Southeast Missouri State University's Accessibility Plan

Although certain facilities are not fully physically accessible to people with disabilities, Southeast Missouri State University will take such means as are necessary to ensure that no qualified person with a disability is denied the benefits of, excluded from participation in, or otherwise subject to discrimination because Southeast Missouri State University's facilities are physically inaccessible to or unusable by persons with disabilities. The accessibility standards required by federal law for "existing facilities" are that the recipient's programs or activities when viewed in their entirety must be readily accessible to persons with disabilities and that a qualified individual with a disability shall not be excluded from participation in or be denied the benefits of services, programs, or activities because a facility is not accessible.

Southeast Missouri State University may meet these standards through such means as reassignment of classes or other services to accessible locations, redesign of equipment,
assignment of aides, alterations of existing facilities, and construction of new accessible facilities. Southeast Missouri State University is not required to make structural changes in existing facilities where other methods are sufficient to comply with the accessibility standards described above.  
Because scheduling classes and arranging housing in accessible facilities may require reasonable advance planning, students with disabilities accepted for admission who desire support services and/or accommodations should identify themselves within five (5) days of the start of the semester of enrollment and indicate the nature of the accommodation needed. Students should contact Disability Services:  http://www.semo.edu/ds/program_info.html.

F. Guidelines for Users of the Copy Center

The following guidelines have been formulated to assist in the orderly and efficient operation of the Copy Center. It is hoped that the statements which appear below will assist those who wish to make use of these services by informing them of the policies and procedures which govern their requests.

The Copy Center in Parker Room 105 offers services such as copying, binding, laminating, stapling, folding, foam board mounting, etc. A wide variety of paper sizes, weights, grades, and colors are available. Parker 105 also serves as a transaction point for printing services from one of the University’s contracted vendors.

The Copy Center accepts work from students, faculty, staff, and the general public.

Authorization for Printing

Costs for University work will be charged to index numbers provided at the time of the request. The Copy Center accepts jobs brought into the center, through campus interoffice mail, and through email addressed to copycenter@semo.edu. Requests should include an index number, quantity, and delivery instructions.
Requests for personal printing and copying jobs can be purchased with a credit card, cash, or check at the time of pickup.

Requests by student organizations for printing and copying can be charged if a completed voucher is provided from Campus Life & Event Services or may be purchased with a credit card, cash, or check at the time of pickup.

Printing and copying services by external organizations may be charged to departments or offices on campus if approved by the financial manager. An index number must be provided to the Copy Center. Reimbursement is the responsibility of the department or office charged.
