To: Potential Sport Management Applicant

From: Sport Management Program Director

We are pleased to hear of your interest in the Sport Management program at Southeast Missouri State University. The Department of Health, Human Performance, and Recreation is proud of the program which is recognized for the quality and preparation of its graduates for the sport industry. Because of the high demand for admission to the Sport Management program, admission is on a competitive basis. This will guarantee the continuation of a high level of quality in all areas of teaching, and student participation in the classroom. Please note that admission to Southeast Missouri State University does not automatically make a student eligible for admission to the Sport Management Program.

In order to facilitate the admission of qualified students to the program, the department will then review applications. The Sport Management faculty will consider all the information submitted in making admission decisions. **All documents submitted for application to the Sport Management Program show the student meets admission requirements. In the case of the GPA, this will be calculated on the grades earned at the time of application. Initial acceptance decisions are contingent upon the student's GPA and completed course work at the end of the applying semester. Should a student's overall GPA fall below the level when initially accepted or a grade in a required course fall below a “C”, the Department has the right to deny this student admission.**

If you have any questions concerning the application process, the requirements, the forms, or the deadlines, please feel free to call or write:

Department of Health, Human Performance, and Recreation
