Today’s business world places new demands on business professionals not only to keep up with local and global change, but also to develop their leadership and interpersonal competencies required to work with people at all organizational levels. In addition, today’s managers must be able to:

- Address global opportunities, competition, and regulatory issues;
- Utilize the latest technology in production, controls, and communications; and
- Interact productively with internationally diverse customers, employees, and suppliers.

Southeast Missouri State University’s MBA program guides students through all aspects of business and supplies them with the knowledge to succeed in today’s business environment.

Environmental Management Students will...

- Open doors to better employment opportunities.
- Increase their lifetime earning potential by 50 percent.
- Get a promotion advantage.
- Enhance their management skills.
- Increase their confidence, maturity, and influence in the workplace.
