Students who have piano experience may audition for Dr. Sifferman (River Campus Room 405) to receive placement in either Functional Piano I, II, III, or IV, or test out of piano class entirely through the piano proficiency.

If students take Class Piano IV or all of the piano class sequence, they do not have to take the piano proficiency. Functional Piano class hours that students do test out of may be used towards additional applied lessons (piano, composition, voice, instrumental).
