Elementary Education

Bachelor of Science in Education (BSED)

The College of Education creates a supportive climate to help all education majors meet the rigor of teacher education. Elementary Education students have the opportunity to participate in Tomorrow’s Teachers Learning Community which links cohort learning and living opportunities. Students also receive support in preparation for the Missouri General Education Assessment required for admission. We also provide our future educators the tools to learn to use and integrate instructional technology across our curriculum. This program of study is also available at a regional campus (Kennett, Malden, and Sikeston). Join our EDvolution of future educators!

Elementary Education students will...

- Be certified to teach students in grades 1 – 6.
- Participate in multiple field experiences in local classrooms.
- Have the opportunity to choose elective courses in areas of interest, such as autism, working with English language learners, special education or working with families.
- Integrate technology into the curriculum with our EDvolution one-to-one instructional technology program.
- Have the opportunity for student teaching abroad, including our partnership with Eagles College in Iquique, Chile.
- Have opportunities for leadership in our numerous student organizations.
- Have full-time faculty with experience in the classroom as their primary instructors.
- Enjoy the benefit of national accreditation of our programs.

Career Planning

The state of Missouri has high expectations for future educators. Students graduating before spring 2017 must maintain a 2.5 cumulative GPA to be recommended for licensure and must pass the relevant Praxis II or Mo Content Exam. Students graduating spring 2017 or later must maintain a 2.75 cumulative GPA and a 3.0 GPA in both the area of content expertise and pedagogy courses. In addition, students must pass the Mo Content Exam and the Missouri Preservice Teacher Assessment for recommendation for licensure. Students must also fulfill other assessments such as the Missouri Educator Profile and be cleared through a FBI background check.

| Demonstrated Career Proficiency is a Requirement of all Southeast Students |
|-----------------------------|-----------------|-----------------------------|
| CL001/CL002                | First Semester  | Complete the FOCUS2 assessment and develop a Career Action Plan. |
| CL003                      | Junior Year     | Students gain information about career planning and job searching resources. |
| CL004                      | Senior Year     | Students demonstrate advanced proficiency by identifying a position in their field, developing a cover letter, and tailoring a resume for the position. Materials are critiqued to ensure preparedness for a successful job search. |

Education Outlook

- Students secure teaching positions across the state of Missouri, in surrounding states, and beyond.
- Elementary Education graduates find jobs as first – sixth grade teachers in public or private schools.
- Placement rates are high for alumni who excel in their field experiences and course work, have distinguished themselves as leaders, and have an expertise in working with students of all abilities.
- First year teachers report feeling well prepared by Southeast Missouri State University on our annual survey of first-year teachers.
- Principals also report elementary education graduates are well-prepared as beginning teachers.

EDvolution

All students in the College of Education must rent or purchase an iPad for use during the program.
