Child Care and Guidance
Associate of Arts (AA)

The study of child development encompasses the human life span from conception through adolescence.

An academic background in child development (birth through adolescence) provides a foundation for your professional role in human service and education careers, which demands insightful communication, knowledgeable supervision, and realistic problem solving.

Working with children, families, and allied professionals in instructional, supervisory, and support capacities merits life-long learning. Completing this degree is an important step in your career achievements.

Child development students will...
- Interact one-on-one with highly qualified faculty in face-to-face and online classes.
- Acquire first-hand knowledge of child development in action through experiential learning with children and families in a variety of University and community settings.
- Apply child development knowledge to create healthy, supportive learning and care environments.
- Be prepared to collaborate with allied professionals in government, corporate, education, and social service settings.

This program is eligible for the Southeast A+ Scholarship.

Career Planning
Career preparation is part of the mission of Southeast. In fact, more than 90% of Southeast students participate in internships, clinical opportunities, student teaching, research assistantships, and study abroad.

More than 90% of child development graduates obtain employment or enroll in graduate study.

Professional career counselors are available for all students. The Office of Career Services in Academic Hall 057 can provide students with professional career counseling, resume critiques, practice interviews, job search strategies, career events, networking opportunities, and more.
