I. This course will introduce students to the unique nature of sport marketing at both the professional and amateur levels. (3 credit hours).

II. Prerequisite: MK301 with a minimum grade of “C.”

III. Purposes or Objectives of the Course:

A. Upon completion of the course, students will be able to:
   1. Demonstrate an understanding of the unique aspects of sport marketing.
   2. Demonstrate an understanding of how marketing concepts such as strategic planning and segmentation apply to sport marketing.
   3. Demonstrate an understanding of the interrelationship of integrated marketing communications and sport.
   4. Develop an understanding of sport as industry and the fan as consumer.

IV. Student Learning Outcomes:

Upon completion of this course the students will be able to:

1. distinguish among the concepts underlying sports marketing and the aspects in which it differs from marketing as a whole.

2. summarize how marketing concepts such as strategic planning and segmentation apply to sport marketing.

3. illustrate the interrelationship between integrated marketing communications and the broader aspects of sport marketing.

4. distinguish sport as both a product and a service and contrast the unique dual position of the consumer as both spectator and participant.

V. Expectations of Students:

A. All students are expected to attend class regularly and to actively participate in course discussion and presentations. Students are expected to stay current in course readings in both the course textbook and casebook. Students are expected to be familiar with and uphold university policies regarding academic honesty.
