Thus academic dishonesty is not only a basis for disciplinary action but is also relevant to the evaluation of the student’s level of performance. Academic honesty requires that students do not cheat, or knowingly assist another to do so. Other unacceptable behavior includes plagiarism, which is submission of someone else’s work as their own, and the unauthorized access to or changing of grades or examination. As required by Southeast Missouri State University policy, instructors must report cases of academic dishonesty (Southeast Missouri State University-Code of Student Conduct). Refer to: http://www6.semo.edu/judaffairs/code.html

X. Disabilities Act:

If a student needs accommodations because of a disability, if a student should have emergency medical information to share with the instructor, or if a student needs special arrangements in case the building must be evacuated, please inform the instructor immediately. Please see the instructor privately after class, or in the instructor’s office. To request academic accommodations (for example, a not taker), students must contact Services for Students with Disabilities. It is the campus office responsible for reviewing documentation provided in cooperation with students and instructors, as needed and consistent with course requirement.
