Graduate Faculty

BE IT RESOLVED THAT: Subject to the passage and approval of this bill, the procedure portion of the Department Chairs section of the faculty handbook (Chapter 1, Section F, Subsection 9) will be replaced by this bill.

TITLE OF SECTION: Procedure

Procedures Faculty Senate Bill 2022-A-4 begins here

Variable Load Assignment

A plan for the variable load assignment should be developed by the faculty member in consultation with the chairperson, and then be approved by the dean. Included in the plan must be a list of anticipated outcomes that will result from the variable teaching assignment (for example, completed theses or creative projects under the guidance of the faculty member, publications, preparation of grant applications).

The primary responsibility for making a variation in the teaching assignments for graduate faculty members with significant graduate responsibilities rests with the dean of the college. These arrangements should be recommended by the appropriate department chairperson to the dean and approved by the Provost.

b. Graduate Faculty Responsibilities, Expectations, and Appointment

It is the responsibility of the faculty member and their department chairperson to provide adequate evidence of the individual's eligibility for appointment as a graduate faculty member. Department chairpersons in their appraisal of the application must verify that data presented in the request meet the criteria established as qualifications for membership in the graduate faculty. Professional qualifications should include the appropriate doctoral degree, or the terminal degree appropriate to the discipline, or evidence that clearly demonstrates the necessary professional competencies. In no case will

43 an appointment be made where an individual's academic and professional qualifications do
44 not exceed those of the students.
