

Final Reminders

Beginning Saturday, May 16, 2020, the “Graduation Application Status” link in the SE Portal will report a new status. This is because we are beginning the review of your actual graduation and the awarding of your degree, rather than your application. The link will report that you haven’t graduated, but once all grades are in, and we’ve had a chance to review your final requirements, your status will be updated. Once updated, the link will report either that your degree has been awarded (and a button will appear that allows you to order an official transcript stating completion of your degree), or that there is a problem. If there is a problem or deficiency found in the reporting of your final grades/requirements, you will be notified via e-mail, and a letter will be sent to you by USPS.
